Haute Time was recently in Miami, where we had the privilege of visiting the Hublot Bal Harbour Boutique. After our [visit to the manufacture's New York boutique](#) on Madison Avenue, it was interesting to see different pieces available exclusively at the Bal Harbour location, including the "305" collections, a tribute to Miami's area code.

Here's your exclusive look at what we saw:

### King Power "Miami 305"

This 48mm King Gold timepiece is part of a 50-piece limited edition. The skeleton dial features a white plate and blue flange, with a white minute track, gold-colored numerals, and 5N gold-plated indexes and hands coated with blue SuperLuminova™. The solid King Gold caseback features an engraving of downtown Miami. This piece is completed by a blue Hornback alligator strap stitched onto white rubber.

### **Big Bang Caviar “Lady 305”**

This 41mm steel timepiece is the female counterpart to the “Miami 305”. The ocean blue of the Big Bang Caviar “Lady 305” timepiece evokes the sand, sun and sea of South Florida. The bezel is set with 36 topazes, while the dial is rhodium PVD ceramic with the date indicated at 3 o’clock. The solid caseback is engraved with a view of Miami’s famous South Beach. This piece is completed by a blue alligator leather strap sewn onto black rubber.

### **Classic Fusion Skeleton Tourbillon King Gold**

This 45mm timepiece features an 18K King Gold case and bezel. The open-worked dial showcases the manual-winding skeleton tourbillon movement, with gold-plated appliques and hands. The Hublot logo is printed on the inner side of the sapphire crystal. This watch is part of a limited edition of 99 pieces.

### King Power Spider Bang

This is the first time we've seen this piece, which is a tribute to mixed martial artist champion Anderson "The Spider" Silva. Housed in a black ceramic case, the dial of this piece is decorated with a web, and features a yellow spider at 9 o'clock. The minutes and Hublot logo are also in yellow. A black alligator leather strap with yellow stitching completes this piece.

## Big Bang Tutti Frutti Apple

This 41mm red gold timepiece is a unique ladies' design. The bezel is decorated with 48 baguette tsavorites, while the matte white dial features gold accents on the hour track, hands, central chronograph hand and sub dials. This piece is completed by a green crocodile leather strap sewn onto green rubber.
