Macarons have taken over Bal Harbour. We repeat, macarons have taken over Bal Harbour!

It's not a bad thing to be taken over by. In today's breaking news, the godfather of all French confectionaries [Ladurée](#) has opened a small yet refined cart at Bal Harbour Shops.

These delightful little delicacies are housed within in a mint green carriage on the second level of the luxury mall near The Grill at Bal Harbour. A source close to the mall tells us it smells delicious. We'll have to smell for ourselves.

If you can't make it to Bal Harbour, remember there's a Laduree on Lincoln Road as well as a shop-in-shop inside of [Chrome Hearts](#), where David's Cafe used to be.
